

## Product Overview

The BEL 5150u allows a single person to load cases with products and seal all flaps on one machine. The BEL 5150u is equipped standard with the following:

- **Power Save Mode** automatically powers down the machine when not in use
- **Colour-coded Setup Guides** make case changeovers quick and easy
- **Unidrive** eliminates case skew and ensures cases are squarely taped
- High-performance **DEKKA tape heads** provide a high quality seal

## Product Features/Specs

- Energy smart features such as Power Save Mode reduce operating costs associated with unattended machinery running.
- Electro-pneumatic system provides greater control over the forming of corrugated with higher recycled content.
- Centralized, color-coded adjustment guide assists operator with changeovers and minimizes changeover time.
- Built-in box stand keeps case blanks handy for the operator, providing increased through-put and enhanced ergonomics by minimizing the operator reaching and twisting during packing.
- Rust free/paint free frame construction eliminates unsightly machine wear and extends machine life.
- Unitized frame design provides ease of mobility and greater machine life.

Case Size Range	Length	Width	Height
Minimum	8" 203 mm	5" 127 mm	4.5" 114 mm
Maximum	26" 660 mm	18" 457 mm	21" 533 mm

Machine Speed: Up to 15 cases per minute.  
Oversize model available. Consult factory for case size ranges.
